## PROFILE SUMMARY

I am a B.Tech IT student who pays attention to details and has a strong base in programming. I have good knowledge in software development and hands-on practice in coding. I am skilled in both C and Python languages and can write clear and working programs. I enjoy solving problems and working well with others in a team environment. I am looking for a beginner role in IT where I can use my skills and grow professionally.

## PROJECTS

### AI driven Virtual Mock Interview and Feedback System

Jan-2026 Present

- Developed an AI-driven virtual mock interview web application to simulate real-time interview scenarios
- Implemented Natural Language Processing (NLP) techniques to analyze and evaluate user responses
- Designed an automated feedback system providing insights on content quality, confidence, and communication skills
- Built an interactive and user-friendly interface for seamless interview experience
- Enabled performance tracking with personalized suggestions and scoring metrics to improve user readiness

### Chatbot For College Enquiry

July-2025 - April 2025

- Developed a chatbot to handle college-related enquiries and provide instant responses to users
- Implemented Natural Language Processing (NLP) to understand user queries and give relevant information
- Designed conversational flows to answer questions about admissions, courses, fees, and facilities
- Built a user-friendly interface for seamless interaction between users and the chatbot
- Improved response efficiency by automating repetitive queries and reducing manual workload

## EDUCATION

### B.Tech Information Technology

Aug 2024 - April 2028

Dr.N.G.P. Institute of Technology

**7.8 CGPA**

### HSC

Saratha Matric Higher Secondary School

Jun 2023 - May 2024

**83%**

### SSLC

Government High School Semmampalayam

Jun 2021 - May 2022

**84%**
